Tippecanoe County PROJECT SAFE NEIGHBORHOODS Rental Property Owner and Manager Training Program

I was impressed by the resources Project Safe Neighborhoods Rental Property Owner and Manager Training Program offered to landlords and managers. As someone active in my Neighborhood Association, I am looking forward to taking what I have learned and being able to assist landlords in my particular neighborhood to fight crime and illegal drug activity. After attending these sessions, I truly feel empowered. The Project Safe Neighborhoods Program is a valuable source of information we have in our arsenal to help ALL the members of the Tippecanoe County community keep crime and other illegal drug activity out of our neighborhoods. I STRONGLY RECOMMEND THIS PROGRAM TO EVERYONE IN OUR COMMUNITY; IT IS INVALUABLE IN THE FIGHT AGAINST ILLEGAL ACTIVITY.

**John Lewandowski, Valley Center Neighborhood Association President,
Assistant Director, GISMA, Purdue University**

Thank you, thank you for offering all this fantastic information! I feel armed with the info that will help me make better choices in renters, and help protect the neighbors. My chances of going through the expense and exhaustion of a major clean up are much smaller now because of my new skills.

I'm also actively engaging the neighbors and letting them know I took your class.

Jean Terry, Rental Property Owner

With so many crimes in our area occurring in or around rental housing, I can't think of a better way to help keep our neighborhoods safe than by equipping landlords and property managers with tools and knowledge that will make it tougher for criminals to operate. This program enables normal citizens to contribute by not only knowing what to look for, but by making it difficult for people to move into our neighborhoods intent on disrupting our lives.

Thanks so much for the great information. I know all my current clients will appreciate the new policies that I am going to implement to help keep illegal activity out of our community.

Mark Dolfini, Owner, June Palms Home Leasing, LLC

The seminar was Excellent! The manual provided to us is a wealth of information and presentation was professional and passionate. Lafayette will be a safer area because of this program.

Pam Eavey, Property Manager, Burberry Place Apartments

I would like to say that your program is, bar none, the best I have seen.

Deb Evans, Owner, Evans Rentals

My boss was thrilled that I was on fire about all of information from the training program. He said that if our company needs to help with volunteering for this cause, that he would be happy to let me leave and do what needed done.

Kelly Sell, Regional Manager, W.H. Long Companies, Inc.

The program provided a lot of great information and tools for each of us to utilize within our individual communities. The material presented throughout the course was extremely beneficial!

Nicole M. Slifer, Leasing & Marketing Manager, College Station Apartments

This program is a fantastic service for the community. It honestly brought a new light to my job and perspective on the Tiptecanoe area. I am ready to do whatever is needed to make our community safer.

Abbey Mattson, W.H. Long Rentals

I feel this program has enormous potential to fulfill a long time void and the passionate presentation of the material us kept us intrigued throughout the sessions.

Brent Parks, B.W. Parks Property Management

We all really enjoyed the group discussion and think that the properties should gather quarterly for round table discussions to continue the dialogue. We can all work together to be the "All American City" again.

Julia Roudebush, Property Manager, Richfield West Lafayette

The information and reference manual provided in the training program will serve as a good resource tool for me. I enjoyed meeting everyone and getting some clarification on things that not only happen on my property, but on others as well.

Elizabeth Anzaldua, Property Manager, County Villa Apartments

I had lunch with my Manager's today and we are all still talking about the sessions. We would really like to meet with you and the group on a quarterly basis. After we have had time to read the manual, apply some of the techniques to our communities, and to discuss what has worked for some and failed for others. This way you could keep us aware of any new codes or legislation that has been passed in the last few months.

Kelly Sell, Regional Manager, W.H. Long Companies, Inc.
